

GAURAV KANCHAN

Senior Business Analyst | MIS Manager | Data & Operations | Product Manager

+91 7827657267 | karngaurav815@gmail.com | linkedin.com/in/gauravkanchan | New Delhi, India

PROFESSIONAL SUMMERY

Results-driven Business Analyst with 4+ years of experience in EdTech, specializing in data analytics, dashboard reporting, CRM optimization, and process automation. Proven track record of improving operational efficiency, sales conversion, and reporting accuracy through data-driven solutions and cross-functional collaboration. Skilled in Looker Studio, Power BI, Excel, Google Apps Script, and stakeholder management. Currently pursuing an MBA along with Google certifications in Project Management and Data Analytics, with a strong interest in Product Management and business growth strategy.

CORE COMPETENCES

Business Analysis & Reporting: Requirements Gathering | KPI Definition | MIS Reporting | Executive Dashboards

Data & Analytics: Data Cleaning & Validation | Trend Analysis | Sales Analytics | Growth Metrics

CRM & Lead Management: CRM Optimisation | Lead Allocation | Conversion Funnel Analysis | Pipeline Tracking

Process & Automation: Workflow Redesign | SOP Development | Apps Script Automation | Process Improvement

Stakeholder & Project Management: Cross-functional Collaboration | Stakeholder Communication | Agile Practices | Deliverable Management

KEY ACHIEVEMENTS

▸ 20% workflow efficiency via process redesign	▸ 15% sales conversion lift via CRM & marketing analytics
▸ 25% CRM lead allocation efficiency for 50+ BDE team	▸ 30% error reduction via Google Sheets & Apps Script automation

PROFESSIONAL EXPERIENCE

Business Analyst | Adda247 - Metis Eduventures Private Limited

Mar 2025 – Present

- Designed and developed an end-to-end Telegram Channel Growth Tracking System to monitor subscriber trends, engagement metrics, and content performance across multiple EdTech channels, enabling data-driven content strategy decisions.
- Built a Faculty Leaderboard Management System ranking educators on KPIs including student engagement, course completion rates, and ratings - driving accountability and improving faculty output quality.
- Developed automated dashboards and reporting workflows to surface real-time growth metrics to product and marketing stakeholders, reducing manual reporting effort significantly.
- Collaborated cross-functionally with product, content, and marketing teams to identify data gaps and implement tracking solutions aligned with business growth objectives.

Business Analyst | DBMCI – Doctor Bhatia Medical Coaching Institute

Apr 2024 – Mar 2025

- Deployed a Looker Studio real-time sales dashboard for franchise heads across multiple cities, reducing reporting lag by ~60% and improving decision visibility.
- Redesigned CRM lead allocation workflow for 50+ BDEs, cutting manual assignment time by 60% and improving lead conversion efficiency by 25%.
- Analysed sales, marketing, and operational data to surface actionable insights, contributing to a 15% increase in overall sales conversion rates.
- Automated weekly and monthly MIS reporting via Google Sheets and Forms, eliminating ~8 hours/week of manual effort and cutting errors by 30%.

- Produced daily and weekly sales MIS reports consumed by C-level management for sales planning and resource allocation decisions.
- Managed end-to-end lead data pipeline - cleaned, validated, and distributed app downloads and marketing data to 40+ BDEs at 99%+ accuracy.
- Standardised data collection across 10+ branches using Google Forms, replacing ad-hoc processes and improving reporting consistency.

Senior Customer Care Executive | Ienergizer Pvt. Ltd.

Feb 2022 – Jan 2023

- Maintained 95% CSAT score on high-volume inbound queries; contributed to 10% reduction in escalation rates through structured resolution frameworks.

KEY PROJECTS

Sales & Team Performance Dashboard | DBMCI - [Looker Studio](#) · [Google Sheets](#) · [Excel](#)

Built a multi-layer interactive dashboard tracking monthly sales numbers, targets vs actuals, and team performance metrics. Automated data flows from Google Sheets reduced reporting effort by 35%, delivering real-time visibility to senior leadership.

Automated MIS Reporting & Data Pipeline | DBMCI - [Google Forms](#) · [Google Sheets](#) · [Excel \(Advanced\)](#)

Designed end-to-end automated MIS replacing manual data collection workflows across multiple departments. Applied advanced Excel techniques (Pivot Tables, VLOOKUP, nested formulas) to cut data collection turnaround by 40% and significantly improve reporting accuracy.

Business Trend & Insight Analysis Report | DBMCI - [Excel \(Advanced\)](#) · [Looker Studio](#) · [AI Tools](#)

Month-on-month trend analysis on transaction data to identify growth opportunities and operational bottlenecks. Leveraged AI tools (ChatGPT, Claude AI) to interpret complex datasets and generate executive summaries — recommendations led to targeted operational improvements.

Telegram Channel Analytics Automation | Adda247 - [Telegram Bot API](#) · [Google Sheets](#) · [Looker Studio](#)

Automated analytics pipeline consolidating multi-channel performance data across engagement, growth, and user activity metrics - reduced manual reporting by 35% with real-time insights across EdTech channels.

Faculty Performance Intelligence Dashboard | Adda247 - [Looker Studio](#) · [Google Sheets](#)

Dynamic KPI leaderboard system tracking faculty session engagement, productivity, and accountability metrics. Created structured performance frameworks with automated data flows feeding into Looker Studio for real-time visibility.
